

# My Contact List

## Instructions:

Make a copy of this chart and fill in your local emergency contact numbers. Then post this information in an obvious place at home where other family members can see it.

Name \_\_\_\_\_

For severe or rapidly increasing symptoms of possible heart attack or stroke: **Call 9-1-1 or go to the nearest emergency room.**

For mild to moderate symptoms or routine questions:

| Contact | Phone Number | During (hours) |
|---------|--------------|----------------|
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
|         |              |                |
