

Heart Walk®

The American Heart Association sincerely “Thanks” all who braved the challenging weather conditions this past weekend. Hopefully everyone is safe and drying out! As we monitored the deteriorating conditions Saturday morning, we ultimately decided to cancel our Heart Walks in both Lafayette and Yorktown. **Your safety is our first concern!**

We had a few brave Heart Walk participants who ventured out and presented their donations, and we “Thank You!”

For those who have donations to turn in, you may do so via the Lafayette or East Central Indiana Heart Walk web sites listed below. You may **Mail or Contact** our Offices to make arrangements so that we can pick up your donation, either way we are happy to assist:

For our wonderful sponsors, “Thank You” for your support, vision and passion! Without your backing, we would not be able to deliver or support our mission of, “Building healthier lives, free of cardiovascular diseases and stroke!”

We Thank you!

For our friends in Lafayette, we look forward to your participation in the Fall Walk program. Please mark and save the date for October 14, 2017. We will return to the Tippecanoe County Amphitheater.
