American Heart Association.
Target: BP™

Target: BP™ is a national initiative created in response to the high prevalence of uncontrolled blood pressure. Committed to advancing equitable health outcomes, we support health care organizations and communities improving blood pressure control for the patients they serve with the latest scientific evidence. Recognized clinics have demonstrated a commitment to quality improvement and measurement accuracy while those achieving Gold+ designation also achieved 70% or better control rates. American Heart Association.
Check. Change. Control. Cholesterol™

The American Heart Association is pleased to recognize these organizations for their commitment to reducing the risk of heart disease and stroke through improved cholesterol management.

Recognized organizations have committed to improving ASCVD risk assessment and submitted data on appropriate statin therapy. Gold designation fulfilled the Participation Award criteria AND have 70% or more of their adult, at-risk ASCVD patient population appropriately managed with statin therapy based on MIPS measure #438 (Statin use for Prevention and Treatment of CVD).
