

# My Blood Pressure Log

Name: \_\_\_\_\_

My Blood Pressure Goal: \_\_\_\_\_ mm Hg

## Instructions:

- Measure your blood pressure twice a day—morning and late afternoon—at about the same times every day.
- For best results, sit comfortably with both feet on the floor for at least two minutes before taking a measurement.
- When you measure your blood pressure, rest your arm on a table so the blood pressure cuff is at about the same height as your heart.
- Record your blood pressure on this sheet and show it to your doctor at every visit.
- You can also use AHA's Check. Change. Control.® Tracker ([ccctracker.com/aha](http://ccctracker.com/aha)), a free online tool to help you track and monitor your blood pressure. Just find the campaign code on the map for your state and sign up.
