SPIN THE WHEEL

CREATE EXCITEMENT AND DOUBLE YOUR DONATIONS USING THE WHEEL OF CHALLENGES!

Live Wheel of Challenges

1 Determine which challenges you want on your wheel—multiple options!

2 Display and use to incentivize giving during your stream!

3 Take a spin multiple times! Use our strategy page to help with ideas.

HERE'S HOW IT WORKS

1 Customize Your Wheel!

We have prepared one wheel with a variety of options that you can customize! Remove, or even add your own ideas, just by typing into the wheel text box. Each line is a new wheel item. [Click here for the Liive Wheel!](#)

2 How to Use Your Wheel!

You can have the website up and be ready to take another spin anytime you need! Click [fullscreen](#) for the best view. When an item has been chosen, you can choose to [remove](#) that item so it cannot be chosen again, or close and it will remain on your wheel. To reset the wheel to the original state, just click refresh.

3 Set a strategy and raise critical funds!

Plan out how many times you'll spin the wheel during your stream and what your donors have to do to get you to take a spin. Here are some ideas!

When someone donates an amount you determine, spin the wheel

When a dollar milestone is reached within a certain timeframe, spin the wheel

Spin the wheel when fundraising milestones are hit (\$500, \$1,000, etc.)

Content challenges
Example: "If I lose this game, I'll spin the wheel"

**INCORPORATE THE WHEEL HOWEVER IT BEST FITS
FOR YOUR COMMUNITY AND YOUR CONTENT!**
