

FREQUENTLY ASKED QUESTIONS

Well-being Works Better™ and Well-being Works Better Scorecard™

For additional assistance, contact customer support at workforce@heart.org [<mailto:workforce@heart.org>] or 1-888-242-4503.

What is Well-Being Works Better?

The pandemic changed the future of work for millions of employees, disrupting their pre-pandemic work lives and putting a spotlight on the need to create a work culture that supports employee health – mind and body. The U.S. workforce is facing high levels of burnout, and the Great Resignation has challenged business leaders to keep employees healthy, happy and empowered. Building a culture where employees thrive is no longer an option – it's a business imperative. That's why the American Heart Association created **Well-being Works Better™**, a platform to help business leaders build a culture of health and well-being. From the latest research, actionable guidance based on the latest science in our Resource Center and a new-and-improved **Well-being Works Better™ Scorecard** with a complimentary results report, the Well-being Works Better™ platform will help unleash the power of a healthy, happy workforce. Sign up for monthly alerts regarding new and featured resources at <http://www.heart.org/workforce> [<http://www.heart.org/workforce>].

Why did the American Heart Association create the new Well-being Works Better™ Scorecard?

New science has been published on the role that mental health, well-being, and health equity play in the health and well-being of the workforce. To reflect this, the American Heart Association's existing Workplace Health Achievement Index was updated by our science experts to emphasize whole-person health and well-being. The former Workplace Health Achievement Index will sunset on August 1st, 2022.

What are the main differences between the old Workplace Health Achievement Index and the new Well-being Works Better™ Scorecard?

The Scorecard has two new sections – Health Equity and Organizational Well-being – as well as a new scoring and recognition system. Furthermore, we have introduced a new Platinum recognition to award the highest achieving organizations. Although the Scorecard has more questions, the organizational and demographic sections have been optimized to balance completion time. Finally, the new **Well-being Works Better™ Scorecard** is part of a new, broader platform that provides tools, resources, and access to best practices for employers to achieve continuous improvement in health and well-being. You can access Well-being Works Better™ resources at <https://www.heart.org/workforce> [<https://www.heart.org/workforce>].

How many questions are part of the scorecard?

There are nine sections for evaluating the culture of health and well-being for your organization. This includes a total of 96 questions across the nine sections. You can download the [Scorecard questions](https://www.heart.org/-/media/Healthy-Living-Files/Well-being-Works-Better/Workforce_Well_being_Scorecard_Questions.pdf) [https://www.heart.org/-/media/Healthy-Living-Files/Well-being-Works-Better/Workforce_Well_being_Scorecard_Questions.pdf], from the Resource Center.

- Leadership: 10 questions
 - Organizational leadership involvement in advocating for well-being.
- Organizational policies and environment: 33 questions
 - Policies, guidelines and physical environment that support workforce well-being.
- Communications: 4 questions
 - Strategic communications to support well-being.
- Programs and interventions: 12 questions
 - The provision of programs that address health risks and chronic conditions.
- Engagement: 4 questions
 - The degree to which your organization engages employees and their dependents in health and well-

- The level of engagement in the community to advocate for health and well-being policies and initiatives.
- Reporting Outcomes: 8 questions
 - Measurement and evaluation of health and well-being programs.
- Health equity: 10 questions
 - Organizational policies and practices to build champion equity in the workplace.
- Organizational well-being: 11 questions
 - Policies and practices for organizational well-being and burnout prevention.

How many points per section and the weighting of the Scorecard?

Organizations will not be required to submit employee health data. The total Scorecard score and recognitions will be solely based on answers to the 96 best-practice questions, and the point structure has changed to reflect this change in 2022.

A maximum of 230 points can be achieved. The table below outlines the number of questions, points, and weighting for each best practice pillars.

Section	Questions (#)	Points (Max)	Weight (%)
1. Structure and Process			
Leadership Support	10	24	11%
Organizational Policies and Environment	33	82	35%
Communications	4	10	4%
Programs and Interventions	12	43	19%
Engagement	4	9	4%
Community Partnerships	4	9	4%
Reporting Outcomes	8	21	9%
Health Equity	10	10	4%
Organizational Well-being	11	22	10%
<i>Total</i>	<i>96</i>	<i>230</i>	<i>100%</i>

What are the recognition levels?

The Well-being Works Better™ Scorecard recognition levels are as follows:

- Completer: 0-90 points
- Bronze: 91-136 points
- Silver: 137-182 points
- Gold: 183-216 points
- Platinum: 217-230 points

Is there a difference between completing the Scorecard in the spring versus the fall?

No, the questions and recognition will remain the same regardless of when you complete the Scorecard. Your Scorecard account will remain open and available from February 1st through October 31st, and you can begin and complete the Scorecard at the most convenient time for your organization.

Do I need to set up a new account for the Well-being Works Better™ Scorecard if I have one already for the Workplace Health Achievement Index?

Yes, all organizations will need to set-up a new account in the Well-being Works Better™ Scorecard. This is a new platform, and the previous Workplace Health Achievement Index will sunset on August 1, 2022.

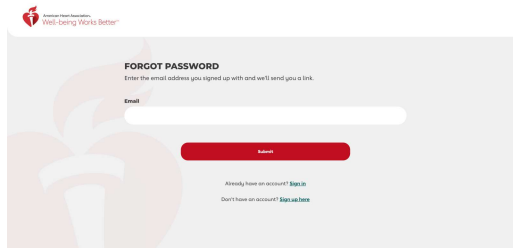

Can I access previous results of the Workplace Health Achievement Index as part of the Scorecard?

How do I reset my password?

On the login page select "reset password" and an automated email with the reset instructions will be available.

If I had a My Life Check code previously for the Workplace Health Achievement Index, can I use the same My Life Check with the Scorecard?

Yes, you may use the same organizational My Life Check code for the Scorecard used previously for the Index.

My organization has multiple office locations and branches. Would you advise I set-up separate accounts for each location/branch?

If an organization's policies and practices vary by worksite, we recommend that organizations set up accounts for different locations. This may be cumbersome, so organizations may prefer to set up one, central account.

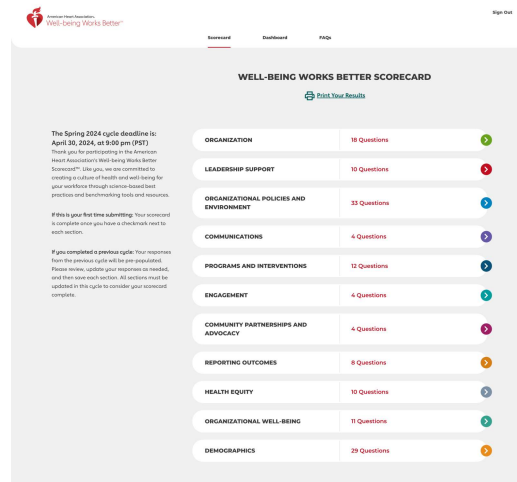

Select "Save" at the bottom on the page to ensure responses are saved.

Is there a submit button? Will I receive an email confirmation that the Scorecard has been completed? I want to be sure our company will be considered for recognition.

No. There is not a submit button and you will not receive an email confirmation that the Scorecard has been completed. You can check the status of your Scorecard completion by viewing the dashboard within the tool (image below).

I've misplaced my organization's My Life Check code. How can I locate it?

Please contact our customer support at workforce@heart.org or 1-888-242-4503 for assistance.

Will the American Heart Association continue to provide My Life Check Enhance which allowed an organization to track changes over time?

No, My Life Check Enhance will no longer be available for use.

Our Company has a new name. How do I update my company account name?

Select the organization tab, update organization field, and then select "Next" on bottom of page to save.

How do I update the primary contact information for my company account?

Please contact our customer support at workforce@heart.org or 1-888-242-4503 for assistance.

I'm not receiving email communication from the American Heart Association about workforce health. What should I do?

Is it possible for an additional organization contact to receive Well-Being Works Better email communication?

Yes, please have additional company contacts complete a brief registration at [Well-being Works Better Resources Sign-up \[https://www.heart.org/en/healthy-living/company-collaboration/well-being-works-better/resources-sign-up\]](https://www.heart.org/en/healthy-living/company-collaboration/well-being-works-better/resources-sign-up) to access the Well-being Works Better™ Resource Center and receive the monthly e-newsletter.

How will the American Heart Association recognize employers completing the Scorecard?

Based on achievement level employers will be recognized on *Forbes* Brandvoice. Employers will also be listed on the Well-being Works Better website at [heart.org/workforce](https://www.heart.org/workforce).

When will the Forbes BrandVoice recognition be available?

At this time, Forbes recognition will be launched each year in the spring. Any changes to this cycle will be communicated to you as soon as possible.

What Scorecard recognition resources will be provided for companies to use?

If awarded at the Platinum, Gold, Silver or Bronze level the digital recognition toolkit will include:

- Usage guidelines, including proclaimer statement

When will I get my recognition materials and when will I use them?

Spring companies will receive their recognition materials after the Spring deadline closes, and Fall companies, after the Fall deadline.

How long can I use my recognition materials?

Organizations may use the supplied recognition toolkit for 12 months following the American Heart Association's announcement of recognition levels.
