Applying for Flexible Payment Terms

You must complete a Payment Terms Application for the American Heart Association to determine if it will provide flexible payment terms to your business for the purchase of goods through the ShopCPR.Heart.org and store.education.heart.org portal.

As you complete the application, you will be asked to provide certain information about your business. This includes but is not limited to, financial health, business stability, and the capacity to meet payment terms.

Your application cannot be processed unless all the requested information has been entered. All information will be used solely for assessing your eligibility for these terms and will be protected according to AHA's Privacy Statement, compliant with international data privacy regulations.

Application processing may take up to 4 weeks.

4. Once you complete the application, please allow 3-4 weeks for processing. While you await your organization's approval, you may easily purchase from the site using a credit card.
