HOSPITAL LOGO

Sometimes it's a postcard. Sometimes it's a letter on pretty paper, the words printed in crayon. Often, it's a note with flowers — or simply an email.

Most of them say something like, "Thank you for saving my grandpa." Or, "I'm so grateful you were there for me."

Whether the patient is you, or your grandpa, please know this: We are grateful and honored to have an opportunity to provide care when a heart attack strikes.

We're so thankful to be recognized by the American Heart Association for meeting its **Mission: Lifeline® heart attack systems of care standards.**

The American Heart Association recognizes this hospital for achieving 75% or higher compliance on all Mission: Lifeline® STEMI Referring Center quality measures for at least one consecutive 90-day interval to improve the quality of care for STEMI patients.

The American Heart Association does not endorse the products or services of the hospital recognized in this advertisement..
