

**American
Heart
Association®**

Congratulations to the Workplace Health Achievement 2018 Recognized Organizations

The Workplace Health Achievement Index was called for and tested by the American Heart Association's [CEO Roundtable](#) to provide employers with best practices to evaluate the quality and effectiveness of workplace health programs.

"The Index asks companies to be proactive about employee health. By challenging companies to actively prioritize employees' health and well-being, we can build a culture of health across America."

– Alex Gorsky, Chairman and CEO, Johnson & Johnson

"Quality health care benefits help private sector companies attract and retain the best talent. This Index shows how companies are providing quality, affordable health care to 170 million Americans."

– Brian Moynihan, CEO, Bank of America

The American Heart Association CEO Roundtable organizations have served as a [leadership collaborative](#) and [learning laboratory environment](#) to develop, test and refine the Workplace Health Achievement Index and additional resources for practical use. CEO Roundtable Member Organizations include:

ADP
American Heart Association
Amgen
Anadarko
Aramark
AstraZeneca
