

Congratulations to the 2016 Recognized Companies

The American Heart Association CEO Roundtable – A Leadership Collaborative and Learning Laboratory

The Workplace Health Achievement Index was called for and tested by the American Heart Association's [CEO Roundtable](#) to provide employers with best practices to evaluate the quality and effectiveness of workplace health programs.

"Our CEO members have collectively pledged to improve the health level of our nation's companies, their employees, and communities," said [Henry Kravis](#), Co-CEO and Co-Chairman of KKR and Co-Chairman of the American Heart Association CEO Roundtable. "We hope other companies will join us in this important mission and that ultimately we can all recognize – and learn from – what leading employers are doing across the country."

"These tools build on our companies' successes and showcase what we've been learning," said [Terry Lundgren](#), Chairman of Macy's, Inc. and co-Chairman of the CEO Roundtable. "Now, we invite others to use the tools and share their experiences so we can continue to learn what works to improve workplace health."

The American Heart Association CEO Roundtable companies have served as a learning laboratory environment to develop, test and refine the Workplace Health Achievement Index and additional resources for practical use. CEO Roundtable Member Companies include:

American Heart Association	Kaiser Permanente
Anadarko	KKR
Aramark	Johnson & Johnson
