The hospitals listed here take part in Get With The Guidelines™, the award-winning quality improvement program from the American Heart Association and American Stroke Association. By promoting the latest evidence-based treatment for patients with coronary artery disease, heart failure and stroke, Get With The Guidelines helps improve health and save lives. Visit americanheart.org/quality to learn more.

Today we recognize the hospital teams that might just save your life tomorrow.

The following performance-award-winning hospitals are recognized for achievement in all three Get With The Guidelines modules (coronary artery disease, heart failure and stroke):

- Saint Louis University Hospital, St. Louis, MO — CAD & HF Gold, S Silver
- Seven Rivers Regional Medical Center, Crystal River, FL — CAD & HF Gold, S Silver
- Sharp Grossmont Hospital, La Mesa, CA — CAD Gold, HF & S Silver
- St. Anthony Central Hospital, Denver, CO — CAD Gold, S Silver, HF Bronze
- St. Joseph’s Regional Medical Center, Paterson, NJ — CAD & HF Gold, S Silver
- University of Rochester Medical Center, Rochester, NY — CAD & S Gold, HF Silver
- Valley Baptist Medical Center — Brownsville, Brownsville, TX — CAD, HF & S Bronze
- Valley Baptist Medical Center — Harlingen, Harlingen, TX — CAD, HF & S Bronze
- Westchester Medical Center, Valhalla, NY — S Silver, HF & S Bronze

The following performance-award-winning hospitals are recognized for sustained performance (two or more years at 85% or higher adherence) to all performance measures:

- Delray Medical Center, Delray Beach, FL
- Berkshire Medical Center, Pittsfield, MA
- Aultman Hospital, Canton, OH
- American Heart Association
- American Stroke Association
- Learn and Live
- Get With The Guidelines
- American Heart Association
- 2008 Gold
- 2008 Performance Award
- TRIPLE PERFORMANCE ACHIEVEMENT
The following performance-award-winning hospitals are recognized for 12 consecutive months at 85% or higher adherence to all performance measures:

**CAD** stands for coronary artery disease, the condition caused by narrowing or blockage of the walls of the arteries that supply blood to the heart muscle, sometimes resulting in a heart attack. The Get With The Guidelines®-CAD module provides the latest evidence-based guidelines for treating coronary artery disease.

**HF** stands for heart failure, the condition in which the heart is unable to pump enough blood to the lungs and the rest of the body. The Get With The Guidelines®-HF module provides the latest evidence-based guidelines for treating heart failure.

**S** stands for stroke, the event that occurs when a blood clot to the brain is blocked by a clot. The Get With The Guidelines-Stroke module provides the latest evidence-based guidelines for treating stroke.
The following performance-award-winning hospitals are recognized for three consecutive months at 85% or higher adherence to all performance measures:

Adventist Medical Center, Portland, OR — S
Alameda Hospital, Alameda, CA — CAD
